**INDICATORS OF  
SOCIO-ECONOMIC DEVELOPMENT**

Dr. S. Kanagasabai  
Director (Plg.)

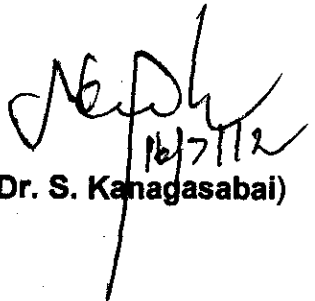

Planning & Research Department

## Foreword

I am pleased to note that the Plan Monitoring section has brought out the Socio Economic Indicators for the period from 2006-07 - 2010-11. These crucial indicators in various spheres reflect the development during the major part of Eleventh Five Year Plan. The compilation of these data based on the inputs from various development departments will help the researchers, planners and policy makers to understand the trends of development over a period of time.

I place on record my appreciation to the officials who were involved in bringing out these indicators comprehensively.
